EDUCATION

Koneru Lakshmaiah Education Foundation, Guntur

Bachelor of Technology in Computer Science and Engineering | GPA: 9.42

July 2022 — May 2026

PROJECTS

- Gemini AI Assist:** It is a responsive web application replicating the core functionalities of Google's Gemini, utilizing the Google Gemini API. It features an attractive UI, enabling users to interact with an AI-powered chatbot seamlessly. [GitHub](#)
Tech Stack: HTML, CSS, JavaScript.
- Personal Portfolio:** This is my personal portfolio website built with React, JavaScript, and Vite. It showcases my skills, projects, work experience, education, and contact information. The website is fully responsive and optimized for both desktop and mobile views. [GitHub](#)
Tech Stack: React.js, Tailwind CSS, Framer Motion.
- E-commerce-site:** A responsive e-commerce website built using React.js. The website includes various categories such as Men, Women, and Footwear, each with images for easy selection and checkout. [GitHub](#)
Tech Stack: React.js, Tailwind CSS, MongoDB
- Image-steganography:** This project is an image steganography website that allows users to hide a message inside an image and later decode it by uploading the modified image. [GitHub](#)
Tech Stack: React.js, Tailwind CSS
